MODIFICATION TO PART 70 PERMIT

15. Application Content

Please identify which Part 70 Permit pages should be replaced or removed. As an attachment to this form, please submit any supplemental information that is necessary to define and explain the modification as well as the following information based on the type of modification:

Administrative Part 70 Permit Amendment: Transfer of ownership applications shall include a written agreement transferring ownership.

Non-Federal Minor Change: Include emissions resulting from the change; identification of any new non-federal applicable requirements that will apply; and any new and/or revised pages to be inserted into the Part 70 permit.

Minor Part 70 Permit Modification: Include emissions resulting from the modification, and identification of any new applicable requirements that will apply. If new applicable requirements do apply, please complete all necessary Part 70 Permit Application forms (e.g., Compliance Plan and Compliance Certification Forms) to reflect this modification. In addition, a suggested draft Part 70 permit is required to be submitted by the applicant to the District along with the minor Part 70 permit modification application. The District will accept any new and/or revised pages to be inserted into the Part 70 permit as sufficient for meeting this requirement.

Significant Part 70 Permit Modification: Include emissions resulting from the modification; identification of any new applicable requirements that will apply; and any new and/or revised pages to be inserted into the Part 70 permit. If new applicable requirements do apply, please complete all necessary Part 70 Permit Application forms (e.g., Compliance Plan and Compliance Certification Forms) to reflect this modification.
