

**VCAPCD RULE DEVELOPMENT CALENDAR  
JANUARY 2012 THROUGH DECEMBER 2012**

<b>Rule Number:</b>	<b>Title:</b>	<b>Tentative Adoption</b>	<b>Reason:</b>	<b>Affected Source Type:</b>
2	Definitions	TBD	Staff issues	TBD
15.2	District Indemnification	TBD	Staff issues	Permitted sources
23	Exemptions from Permit	TBD	Staff issues	Composting operations
26	New Source Review	TBD	Staff issues	New and modified facilities
26.1	New Source Review - Definitions	TBD	Modify Essential Public Service definition	Waste conversion operations
26.4.1	Emission Banking for Agricultural Pump Engines	TBD	Staff and industry issues	Operators of agricultural engines
37	Project XL	1 <sup>st</sup> Qtr 12	Repeal	No applicable source
41	Hearing Board Fees	TBD	Update Fees	Hearing Board petitioners
42	Permit Fees	2 <sup>nd</sup> Qtr 12	Fiscal issues	All permitted sources
44	Exemption Evaluation Fees	TBD	Staff issues	Applicants for exemptions
45.2	Asbestos Removal Fees	TBD	Update Fees	Asbestos abatement projects
47	Source Test, Emission Monitor, and Call-Back Fees	TBD	Update Fees	Sources requiring source tests or emission monitor inspections
49	Process Rate Information Submittal Fees	TBD	Fiscal issues	Sources required to report pursuant to Rule 24
54	Sulfur Compounds	TBD	New NAAQS for SO <sub>2</sub>	Sources of sulfur compounds
67	Vacuum Producing Devices	1 <sup>st</sup> Qtr 12	Staff Issues (Repeal)	None
70	Storage and Transfer of Gasoline	TBD	CCAA – All feasible measures	Gas stations
74.5.1	Petroleum Solvent Dry Cleaning	TBD	Rynex glycol ether, new types of machines	Petroleum Solvent Dry Cleaners
74.5.2	Synthetic Solvent Dry Cleaning	TBD	New types of solvents	Synthetic Solvent Dry Cleaners
74.6	Surface Cleaning and Degreasing	TBD	CCAA – All feasible measures*	Exempted sources. Facilities cleaning medical or electrical components.
74.6.1	Batch Loaded Vapor Degreasing	TBD	CCAA – All feasible measures	Vapor Degreasing operations (aerospace /electronics. etc)
74.11.1	Large Water Heaters and Small Boilers	TBD	CCAA – All feasible measures	Manufacturers and suppliers of water heaters and small boilers
74.13	Aerospace Operations	3 <sup>rd</sup> Qtr 12	RACT compliance; CCAA – All feasible measures	Aerospace operations

<b>Rule Number:</b>	<b>Title:</b>	<b>Tentative Adoption</b>	<b>Reason:</b>	<b>Affected Source Type:</b>
74.15	Boilers (5MMBtu +)	TBD	CCAA – All feasible measures	Boilers (5MMBtu +)
74.15.1	Boilers (1 to 5MMBtu)	TBD	CCAA – All feasible measures and source testing	Boilers (1 to 5MMBtu)
74.18	Motor Vehicle Coating Operations	TBD	Staff issues	Mobile touch-up operations
74.20	Adhesives and Sealants	3 <sup>rd</sup> Qtr 12	CCAA – All feasible measures	Adhesive operations and users
74.21	Semiconductor Manufacturing	TBD	RACT compliance; CCAA – All feasible measures and staff issues	Semiconductor manufacturing operations
74.24	Marine Coatings	3 <sup>rd</sup> Qtr 12	RACT compliance; CCAA – All feasible measures*	Marine coating operations
74.24.1	Pleasure Craft Coating	3 <sup>rd</sup> Qtr 12	CCAA – All feasible measures	Boatyards
74.30	Wood Products Coating	TBD	RACT compliance; CCAA – All feasible measures	Wood coating operations
TBD	Oil Well Degassing	TBD	ROC reductions	Oil wells
TBD	Nontraditional Emission Reduction Credits	TBD	Banking of ERCs from non-permitted sources	Sources requiring emissions mitigation
TBD	Registration of Plating Operations	TBD	Compliance with NESHAP	Plating Operations
TBD	Metalworking Fluids	TBD	RACT Compliance CCAA All feasible measures	Foundries and machine shops
TBD	Flare Minimization	TBD	Reduce flaring emissions	Oilfield flares
Reg V	Orchard Heaters	TBD	Staff issues	Operators of orchard heaters

ATCM: Airborne Toxic Control Measure

CCAA: California Clean Air Act - All feasible measures\* (Rule amendments contingent upon feasibility)

EPA: U.S. Environmental Protection Agency

RACT: Reasonably Available Control Technology

SCM: California Suggested Control Measure

TBD: To Be Determined
